social, cultural, and political issue. While many Americans espouse a “colorblind” racial ideology and publicly endorse the broad goals of integration and equal treatment without regard to race, in actuality this attitude serves to reify and legitimize racism and protects racial privileges by denying and minimizing the effects of systematic and institutionalized racism. In *The Colorblind Screen*, the contributors examine television’s role as the major discursive medium in the articulation and contestation of racialized identities in the United States. While the dominant mode of televisual racialization has shifted to a “colorblind” ideology that foregrounds racial differences in order to celebrate multicultural assimilation, the volume

investigates how this practice denies the significant social, economic, and political realities and inequalities that continue to define race relations today. Focusing on such iconic figures as President Obama, LeBron James, and Oprah Winfrey, many chapters examine the ways in which race is read by television audiences and fans. Other essays focus on how visual constructions of race in dramas like *24*, *Sleeper Cell*, and *The Wanted* continue to conflate Arab and Muslim identities in post-9/11 television. The volume offers an important intervention in the study of the televisual representation of race, engaging with multiple aspects of the mythologies developing around notions of a “post-racial” America and the duplicitous

discursive rationale offered by the ideology of colorblindness.

shows that have delighted millions of spectators and generated billions of pounds in revenue. In *Good Nights Out*, Aleks Sierz provides a thematic survey of such popular theatre shows that were enormous commercial successes over the past 75 years. He argues that these outstanding hits have a lot to say about the collective cultural, social and political attitudes and aspirations of the country, and about how our national identity - and theatre's role in creating it - has evolved over the decades. The book spans a range of work from almost forgotten plays, such as R. F. Delderfield's *Worm's Eye View* and Hugh Hastings's *Seagulls Over Sorrento*, to well-known mega-hits, such as *The Mousetrap* and *The Phantom of the Opera*. Such popular work

has tended to be undervalued by some critics and commentators mainly because it has not been thought to be a suitable subject for inclusion in the canon of English Literature. By contrast, Sierz demonstrates that genres such as the British musical, light comedy, sex farce or murder mystery are worth appreciating not only for their intrinsic theatrical qualities, but also as examples of the dream life of the British people. The book challenges the idea that mega-hits are merely escapist entertainments and instead shows how they contribute to the creation of powerful myths about our national life. The analysis of such shows also points towards the possibility of creating an alternative history of postwar British theatre. Saturday Night Live &

Representing Congress

Clifford K. Berryman

2017-08-30

INTRODUCTION *Representing Congress* presents a selection of political cartoons by Clifford K. Berryman to engage students in a discussion of what Congress is, how it works, and what it does. It features the masterful work of one of America's preeminent political cartoonists and showcases his ability to use portraits, representative symbols

and figures, and iconic personifications to convey thought-provoking insights into the institutions and issues of civic life.

The House of

Representatives and Senate take center stage as national elected officials work to realize the ideals of the Founders. This eBook is designed to teach students to analyze history as conveyed in visual media. The cartoons offer comments about various moments in history, and they challenge the reader to evaluate their perspective and objectivity. Viewed outside their original journalistic context, the cartoons engage and amuse as comic art, but they can also puzzle a reader with references to little-remembered events and people. This eBook provides contextual information on each

cartoon to help dispel the historical mysteries. Berryman's cartoons were originally published as illustrations for the front page of the Washington Post and the Washington Evening Star at various dates spanning the years from 1896 to 1949. Thirty-nine cartoons selected from the more than 2,400 original Berryman drawings preserved at the Center for Legislative Archives convey thumbnail sketches of Congress in action to reveal some of the enduring features of our national representative government. For more than 50 years, Berryman's cartoons engaged readers of Washington's newspapers, illustrating everyday political events as they related to larger issues of civic life. These cartoons promise to engage students in

similar ways today. The cartoons intrigue and inform, puzzle and inspire. Like Congress itself, Berryman's cartoons seem familiar at first glance. Closer study reveals nuances and design features that invite in-depth analysis and discussion. Using these cartoons, students engage in fun and substantive challenges to unlock each cartoon's meaning and better understand Congress. As they do so, students will develop the critical thinking skills so important to academic success and the future health and longevity of our democratic republic.² | R E P R E S E N T I N G C O N G R E S S SHOW THIS eBook IS ORGANIZED This eBook presents 39 cartoons by Clifford K. Berryman, organized in six chapters that illustrate how Congress works. Each page features

one cartoon accompanied by links to additional information and questions. TEACHING WITH THIS eBOOK Representing Congress is designed to teach students about Congress—its history, procedures, and constitutional roles—through the analysis of political cartoons. Students will study these cartoons in three steps:

- * Analyze each cartoon using the NARA Cartoon Analysis Worksheet
- * Analyze several cartoons to discuss how art illustrates civic life using Worksheet 2
- * Analyze each cartoon in its historic context using Worksheet 3 (optional)

Directions:

1. Divide the class into small groups, and assign each group to study one or more cartoons in the chapter "Congress and the Constitution."
2. Instruct each group to complete Worksheet 1:

Analyzing Cartoons. Direct each group to share their analysis with the whole-class.

3. Instruct each group to complete Worksheet 2: Discussing Cartoons. Students should apply the questions to all of the cartoons in the chapter. Direct each group to share their analysis in a whole class discussion of the chapter.
4. Repeat the above steps with each succeeding chapter.
5. Direct each group to share what they have learned in the preceding activities in a whole-class discussion of Congress and the Constitution.
6. Optional Activity: Assign each group to read the Historical Context Information statement for their cartoon. The students should then use the Historical Context *Catalog of Copyright Entries* Library of Congress. Copyright Office 1967

Herbert Block 2000

"Herblock's History" is an article written by Harry L. Katz that was originally published in the October 2000 issue of "The Library of Congress Information Bulletin." The U.S. Library of Congress, based in Washington, D.C., presents the article online. Katz provides a biographical sketch of the American political cartoonist and journalist Herbert Block (1909-2001), who was known as Herblock. Block worked as a cartoonist for "The Washington Post" for more than 50

years, and his cartoons were syndicated throughout the United States. Katz highlights an exhibition of Block's cartoons, that was on display at the U.S. Library of Congress from October 2000. Images of selected cartoons by Block are available online.

The Canadian

Encyclopedia James H.

Marsh 1999 This edition of "The Canadian Encyclopedia is the largest, most comprehensive book ever published in Canada for the general reader. It is COMPLETE: every aspect of Canada, from its rock formations to its rock bands, is represented here. It is UNABRIDGED: all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume. It has been EXPANDED: since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones; as a result, the text from 1988 has grown by 50% to over 4,000,000 words. It has been UPDATED: the researchers and contributors worked hard to make the information as current as possible. Other words apply to this extraordinary work

it the largest - some might say the greatest - Canadian book ever published. There are, of course, many special features. These include a map of Canada, a special page comparing the key statistics of the 23 major Canadian cities, maps of our cities, a variety of tables and photographs, and finely detailed illustrations of our wildlife, not to mention the colourful, informative endpapers. But above all the book is "encyclopedic" - which the "Canadian Oxford Dictionary describes as "embracing all branches of learning." This means that (with rare exceptions) there is satisfaction for the reader who seeks information on any Canadian subject. From the first entry "A mari usque ad mare - "from sea to sea" (which is

Canada's motto, and a good description of this volume's range) to the "Zouaves (who mustered in Quebec to fight for the beleaguered Papacy) there is the required summary of information, clearly and accurately presented. For the browser the constant variety of entries and the lure of regular cross-references will provide hours of fascination. The word "encyclopedia" derives from Greek expressions alluding to a grand "circle of knowledge." Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known. Yet now Canada's finest scientists, academics and specialists have distilled their knowledge of our country between the covers of one volume. The result is a book for every Canadian who values

learning, and values
Canada.
