*The Secret History of Wonder Woman* Jill Lepore 2015 A riveting work of historical detection revealing that the origin of Wonder Woman, one of the world's most iconic superheroes, hides within it a fascinating family story--and a crucial history of twentieth-century feminism Harvard historian and New Yorker staff writer Jill Lepore has uncovered an astonishing trove of documents, including the never-before-seen private papers of William

Moulton Marston, Wonder Woman's creator. Beginning in his undergraduate years at Harvard, Marston was influenced by early suffragists and feminists, starting with Emmeline Pankhurst, who was banned from speaking on campus in 1911, when Marston was a freshman. In the 1920s, Marston and his wife, Sadie Elizabeth Holloway, brought into their home Olive Byrne, the niece of Margaret Sanger, one of the most influential feminists of the twentieth century. The Marston family story is a tale of drama, intrigue, and irony. In the 1930s, Marston and Byrne wrote a regular column for Family Circle celebrating conventional family life, even as they themselves pursued lives of extraordinary nonconformity. Marston, internationally known as an expert on truth--he invented the lie detector test--lived a life of secrets, only to spill them on the pages of Wonder Woman. The Secret History of Wonder Woman is a tour de force of intellectual and cultural history. Wonder Woman, Lepore argues, is the missing link in the history of the struggle for women's rights--a chain of events that begins with the women's suffrage campaigns of the early 1900s and ends with the troubled place of feminism a century later. This edition includes a new afterword with fresh revelations based on never before seen letters and photographs from the Marston family's papers. With 161 illustrations and 16 pages in full color

**The Rejection Collection Vol. 2** Matthew Diffie 2007-10-30 Each week The New Yorker receives more than five hundred submissions from its regular cartoonists, who are all vying for one of the twenty coveted spots in the magazine. So what happens to the 75 percent of cartoons that don't make the cut? Some go back in a drawer, others go up on the refrigerator or into the filing cabinet...but the very best of all the rejects can be found right here in these pages. The Rejection Collection Vol. 2: The Cream of the Crap is the ultimate scrap heap of creative misfires -- from the lowbrow and the dirty to the politically incorrect and the weird, these rejects represent the best of the worst...in the best possible sense of the word. Handpicked by editor Matthew Diffie, these hilarious cartoons are accompanied by handwritten questionnaires and photographed self-portraits, providing a rare glimpse into the minds of the artists behind the rejection. With appendices that explore the top ten

reasons why cartoons are rejected and examine the solitary nature of the job of cartooning -- plus a special bonus section of questions asked of and answered by cartoon editor Robert Mankoff -- this sequel to The Rejection Collection offers even deeper insight into the exercise in frustration, patience, and amusement that is being a New Yorker cartoonist. Warped, wicked, and wildly funny, The Rejection Collection Vol. 2 will appeal to every New Yorker fan -- and everyone with a taste for the absurd.
