The Great War, 1914-1918 Roy Douglas 1995 The book tells the story of the main events of the war, drawing on contemporary cartoons from Britain, France, Germany, the United States, Russia and other countries. The cartoons are used primarily to illustrate events: to make them more vivid to the reader, but also to bring out aspects of those events which are easy to learn, but complex to comprehend. Why, for example, were people on both sides, of all stations and ranks, prepared to endure the privations and sufferings of the war?

**The Raphael Tapestry Cartoons** Sharon Fermor 1996 The cartoons and tapestries that this book examines and describes were commissioned by Pope Leo X in 1515 and depict selected acts of St Peter and St Paul. This book looks at the research carried out on them using modern technology.

**American Born Chinese** Gene Luen Yang 2006-09-06 A tour-de-force by rising indy comics star Gene Yang, American Born Chinese tells the story of three

apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover that he's the only Chinese-American student at his new school; the powerful Monkey King, subject of one of the oldest and greatest Chinese fables; and Chin-kee, a personification of the ultimate negative Chinese stereotype, who is ruining his cousin Danny's life with his yearly visits. Their lives and stories come together with an unexpected twist in this action-packed modern fable. American Born Chinese is an amazing ride, all the way up to the astonishing climax. American Born Chinese is a 2006 National Book Award Finalist for Young People's Literature, the winner of the 2007 Eisner Award for Best Graphic Album: New, an Eisner Award nominee for Best Coloring and a 2007 Bank Street - Best Children's Book of the Year. **Daydreams and Nightmares** Winsor McCay 2006-01-16 Daydreams & Nightmares collects the rarest work from Little Nemo in Slumberland creator Winsor McCay's historic career. A fantasist of the first rank, McCay was a key pioneer in the histories of both comics and animation. He had a fascination with dreams that extended beyond his newspaper strip Little Nemo in Slumberland, and it was a

fascination as compelling as that of Freud, Jung and Adler's, as proven in the pages of Daydreams & Nightmares. McCay's dream-inspired strips, illustrations and cartoons feature rarebit-induced nightmares, playful "what-ifs," moralistic panoramas, pictorial allegories and other fantastic visions.

**Them Damned Pictures** Roger A. Fischer 1996 In late nineteenth-century America, political cartoonists Thomas Nast, Joseph Keppler, Bernhard Gillam and Grant Hamilton enjoyed a stature as political powerbrokers barely imaginable in today's world of instant information and electronic reality. Their drawings in Harper's Weekly, the dime humor magazines Puck and the Judge, and elsewhere were often in their own right major political events. In a world of bare-knuckles partisan journalism, such power often corrupted, and creative genius was rarely restrained by ethics. Interpretations gave way to sheer invention, transforming public servants into ogres more by physiognomy than by fact. Blacks, Indians, the Irish, Jews, Mormons, and Roman Catholics were reduced to a few stereotypical characteristics that would make a modern-day bigot blush. In this pungent climate, and with well over 100 cartoons as living proof, Roger Fischer - in a series of lively episodes - weaves the cartoon genre in to the larger fabric of politics and thought the Guilded Age, and beyond.

**Cartoon Success Secrets** Jud Hurd 2004-05 Cartoon Success Secrets offers a veritable comics college education on how to succeed as a cartoonist. It features insider's perspectives from 20 top cartoonists, whose comic strips such as Zits, Garfield, Cathy, and For Better or For Worse appear in at least a thousand newspapers every day. Author Jud Hurd caught the cartooning bug more than three quarters of a century ago, and at age 90 he's still not cured. Now, in Cartoon Success Secrets, the editor of the cartooning industry's leading insider magazine, CARTOONIST PROfiles, shares the colorful stories and sage advice of his cartoonist colleagues. Through his personal encounters with virtually every cartoonist legend of the last four decades, Hurd amassed countless insights from the world's best cartoonists on how they rose to the top of their field. Now, for the first time ever, he shares his early conversations with such famous cartoonists as Walt Disney, Rube Goldberg, H. T. Webster, George McManus, Frederick Opper, and countless others who succeeded in selling their creations to major syndicates and attaining their cartooning aspirations. Their words will inspire all who have dreamed of becoming a famous cartoonist. Many books have profiled cartooning legends, but never before has a book compiled detailed advice from these creators on how they achieved their success. Cartoon Success Secrets is sure to fascinate cartoon enthusiasts the world over, from fledgling cartoonists looking to break into the industry to fans of the funny pages wanting to know how their favorite artists made it big.

### **The Rejection Collection Vol. 2**

Matthew Diffie 2007-10-30 Each week  
The New Yorker receives more than  
five hundred submissions from its  
regular cartoonists, who are all  
vying for one of the twenty coveted  
spots in the magazine. So what  
happens to the 75 percent of cartoons  
that don't make the cut? Some go back  
in a drawer, others go up on the  
refrigerator or into the filing  
cabinet...but the very best of all  
the rejects can be found right here  
in these pages. The Rejection  
Collection Vol. 2: The Cream of the  
Crap is the ultimate scrap heap of  
creative misfires -- from the lowbrow  
and the dirty to the politically  
incorrect and the weird, these  
rejects represent the best of the  
worst...in the best possible sense of  
the word. Handpicked by editor  
Matthew Diffie, these hilarious  
cartoons are accompanied by  
handwritten questionnaires and  
photographed self-portraits,  
providing a rare glimpse into the  
minds of the artists behind the  
rejection. With appendices that  
explore the top ten reasons why  
cartoons are rejected and examine the  
solitary nature of the job of  
cartooning -- plus a special bonus  
section of questions asked of and  
answered by cartoon editor Robert  
Mankoff -- this sequel to The

Rejection Collection offers even  
deeper insight into the exercise in  
frustration, patience, and amusement  
that is being a New Yorker  
cartoonist. Warped, wicked, and  
wildly funny, The Rejection  
Collection Vol. 2 will appeal to  
every New Yorker fan -- and everyone  
with a taste for the absurd.

*The Political Cartoon* Charles Press  
1981

*Cartoon* Parramon's Editorial Team  
2003 The pocket-size books in this  
instructive series cover virtually  
every aspect of the graphic arts and  
make handy quick-reference guides for  
art students, teachers, and museum  
visitors. They are heavily  
illustrated in color and filled with  
descriptive and instructional  
information. The books fall into four  
categories: Purple Series titles  
explain art media and techniques; Red  
Series books describe different  
genres and visual effects; Green  
Series books illustrate art tools and  
theory; and Yellow Series titles  
survey periods and movements in art  
history. This Red Series title  
explains in detail the principles of  
cartoon drawing in a variety of  
media, with examples demonstrating  
ways of showing facial expressions,  
sketching clothing as an indicator of  
occupation and social standing,  
suggesting motion, and much more.

*That Was Awkward* Emily Flake  
2019-10-15 A Lit Hub "Most  
Anticipated Books of 2019" A Read It  
Forward "Perfect Gifts for a White  
Elephant Exchange" From New Yorker  
humorist Emily Flake, a hilarious,  
oddly enlightening book of  
illustrations, observations, and  
advice that embraces the inescapable  
awkwardness of two human beings  
attempting to make physical contact  
with each other. We've all been  
there. You encounter the mother of  
your recent ex. That guy your best  
friend dated sophomore year. That

friend-of-a-friend who you've met once but keeps popping up in your "People You May Know" feed. Do you shake hands? Do you hug? Do you-- horrors--kiss on the cheek? And then the inevitable: The awkward hug. That cultural blight we've all experienced. Emily Flake--keen observer of human behavior and life's less-than-triumphant moments--codifies the most common awkward hugs that have plagued us all. Filled with laugh-out-loud anecdotes and illustrations, astute observations, and wise advice, *That Was Awkward* is a heartwarming reminder that we're all in this together, grasping hastily at each other in an attempt to say: let's embrace to remind ourselves of our essential and connecting humanity, but also, please don't touch me for more than three seconds.

**Rejuvenile** Christopher Noxon 2006 Explores the ways in which a new breed of adult that is reluctant to grow up is transforming American culture, examining manifestations of the phenomenon and how it affects business, family relationships, and recreational activities.

**Herblock's History** Herbert Block 2000 "Herblock's History" is an article written by Harry L. Katz that was originally published in the October 2000 issue of "The Library of

Congress Information Bulletin." The U.S. Library of Congress, based in Washington, D.C., presents the article online. Katz provides a biographical sketch of the American political cartoonist and journalist Herbert Block (1909-2001), who was known as Herblock. Block worked as a cartoonist for "The Washington Post" for more than 50 years, and his cartoons were syndicated throughout the United States. Katz highlights an exhibition of Block's cartoons, that was on display at the U.S. Library of Congress from October 2000. Images of selected cartoons by Block are available online.

**Who's who in Animated Cartoons** Jeff Lenburg 2006 Looks at the lives and careers of more than three hundred animators.

**The Cartoon Guide to Physics** Larry Gonick 1991 Humorous cartoons illustrate basic concepts in physics

**Television Cartoon Shows** Hal Erickson 1995 In 1949 the first made-for-television cartoon series debuted on a major network. Tele-Comics embraced the popular cliffhanger serial genre, using nonmoving comic strip panels and a handful of radio actors to produce a show at a fraction of the cost accrued by a live show. Despite the success of Tele-Comics and a few other such shows, television cartoons languished until 1954 when Walt Disney produced Disneyland. From such pioneers as Tele-Comics and Crusader Rabbit to modern fare such as X-Men and Beavis and Butthead, this is the first reference book to detail animated cartoons made exclusively for television from 1949 through 1993. Each entry includes the shows title, network, studios and full production information when available. An essay blending plot description, critical commentary, and background information is also provided for each cartoon. A discussion of the voice artist

concludes the work.

**Artist of Wonderland** Frankie Morris  
2005 Best known today as the  
illustrator for Lewis Carroll's Alice  
books, John Tenniel was the Victorian  
era's chief political cartoonist.  
This extensively illustrated book is  
the first to draw almost exclusively  
on primary sources in family  
collections, public archives, and  
other depositories. Frankie Morris  
examines Tenniel's life and work,  
producing a book that is not only a  
definitive resource for scholars and  
collectors but one that can be easily  
enjoyed by everyone interested in  
Victorian life and art, social  
history, journalism and political  
cartoons, and illustrated books. In  
the first part of the book, Morris  
looks at Tenniel the man. From his  
sunny childhood and early enthusiasm  
for sports, theater, and medievalism  
to his flirtation with high art and  
fifty years in the close brotherhood  
of the London journal *Punch*, Tenniel  
is shown to have been the sociable  
and urbane humorist revealed in his  
drawings. According to his countrymen  
Tenniel's work—and his *Punch* cartoons  
in particular—would embody for future  
historians the "trend and character"  
of Victorian thought and life. Morris  
assesses to what extent that  
prediction has been fulfilled. The  
biography is followed by three parts  
on Tenniel's work, consisting of  
thirteen independent essays in which  
the author examines Tenniel's methods  
and his earlier book illustrations,  
the Alice pictures, and the *Punch*  
cartoons. She addresses such little-  
understood subjects as Tenniel's  
drawings on wood, his relationship  
with Lewis Carroll, and his  
controversial Irish cartoons, and  
inquires into the salient  
characteristics of his approximately  
4,500 drawings for books and  
journals. For lovers of Alice, Morris  
offers six chapters on Tenniel's work

for Carroll. These reveal  
demonstrable links with Christmas  
pantomimes, Punch and Judy shows,  
nursery toys, magic lanterns,  
nineteenth-century grotesques, Gothic  
revivalism, and social caricatures.  
In five probing studies, Morris  
demonstrates how Tenniel's cartoons  
depicted the key political questions  
of his day--the Eastern Question,  
which brought into opposition the  
great rivals Gladstone and Disraeli;  
trade-union issues and franchise  
reform; Irish resistance to British  
rule; and Lincoln and the American  
Civil War—examining their  
assumptions, devices, and evolving  
strategies. An appendix identifies  
some 1,500 unmonogrammed drawings  
done by Tenniel in his first twelve  
years on *Punch*. The definitive study  
of both the man and the work, *Artist  
of Wonderland* gives an unprecedented  
view of the cartoonist whose adroit  
adaptations of elements from  
literature, art, and above all the  
stage succeeded in mythologizing the  
world for generations of Britons. Not  
for sale in the British Commonwealth

**Of Mice and Magic** Leonard Maltin 1980  
In this revised and updated edition  
of *Of Mice and Magic*, Leonard Maltin  
not only recreates this whole  
glorious era from the silent days  
through the Hollywood golden age to  
Spielberg's *An American Tail*, he  
traces the evolution of the art of  
animation and vividly portrays the  
key creative talents and their  
studios. This definitive history of  
American animated cartoons also  
brings Maltin's many fans up to date  
on the work being done today at the  
Walt Disney and Warner Bros. studios,  
and other developments in the world  
of animation. Drawing on colorful  
interviews with many of the American  
cartoon industry's principals, Maltin

has come up with a gold mine of anecdotes and film history. Behind the scenes were genius animators and entrepreneurs such as Walt Disney, Chuck Jones, Tex Avery, Mel Blanc, and a legion of others. In all, Maltin has put together a glorious celebration of a universally loved segment of Americana. Book jacket.
