**Truman in Cartoon and Caricature** James N. Giglio 1984 This collection of 263 cartoons portrays the life and times of Harry S.

Truman during his years in local and state offices, the U.S. Senate, and as the 33rd U.S. President. The cartoons reveal Truman's courage, tenacity, impulsiveness, frustration, stubbornness, petulance and above all, his humanity. Truman recognized the "powerful influence on public opinion" of political cartoons. He appreciated this form of free

speech and collected cartoons of more than 150 artists of the period. A rare collection, these cartoons inform, entertain, and provide a prism to view Truman and his presidency.

**Artist of Wonderland** Frankie Morris 2005 Best known today as the illustrator for Lewis Carroll's Alice books, John Tenniel was the Victorian era's chief political cartoonist. This extensively illustrated book is the first to draw almost exclusively on primary sources in family collections, public archives, and other depositories. Frankie Morris examines Tenniel's life and work, producing a book that is not only a definitive resource for scholars and collectors but one that can be easily enjoyed by everyone interested in Victorian life and art, social history, journalism and political cartoons, and illustrated books. In the first part of the book, Morris

looks at Tenniel the man. From his sunny childhood and early enthusiasm for sports, theater, and medievalism to his flirtation with high art and fifty years in the close brotherhood of the London journal Punch, Tenniel is shown to have been the sociable and urbane humorist revealed in his drawings. According to his countrymen Tenniel's work—and his Punch cartoons in particular—would embody for future historians the "trend and character" of Victorian thought and life. Morris assesses to what extent that prediction has been fulfilled. The biography is followed by three parts on Tenniel's work, consisting of thirteen independent essays in which the author examines Tenniel's methods and his earlier book illustrations, the Alice pictures, and the Punch cartoons. She addresses such little-understood subjects as Tenniel's drawings on wood, his

relationship with Lewis Carroll, and his controversial Irish cartoons, and inquires into the salient characteristics of his approximately 4,500 drawings for books and journals. For lovers of Alice, Morris offers six chapters on Tenniel's work for Carroll. These reveal demonstrable links with Christmas pantomimes, Punch and Judy shows, nursery toys, magic lanterns, nineteenth-century grotesques, Gothic revivalism, and social caricatures. In five probing studies, Morris demonstrates how Tenniel's cartoons depicted the key political questions of his day--the Eastern Question, which brought into opposition the great rivals Gladstone and Disraeli; trade-union issues and franchise reform; Irish resistance to British rule; and Lincoln and the American Civil War—examining their assumptions, devices, and evolving strategies. appendix identifies some 1,500 unmonogrammed drawings done by Tenniel in his first twelve years on Punch. ### **The Great War,**

**1914-1918** Roy Douglas 1995 The book tells the story of the main events of the war, drawing on contemporary cartoons from Britain, France, Germany, the United States, Russia and other countries. The cartoons are used primarily to illustrate events: to make them more vivid to the reader, but also to bring out aspects of those events which are easy to learn, but complex to comprehend. Why, for example, were people on both sides, of all stations and ranks, prepared to endure the privations and sufferings of the war?

instructive series cover virtually every aspect of the graphic arts and make handy quick-reference guides for art students, teachers, and museum visitors. They are heavily illustrated in color and filled with descriptive and instructional information. The books fall into four categories: Purple Series titles explain art media and techniques; Red Series books describe different genres and visual effects; Green Series books illustrate art tools and theory; and Yellow Series titles survey periods and movements in art history. This Red Series title explains in detail the principles of cartoon drawing in a variety of media, with examples demonstrating ways of showing facial expressions, sketching clothing as an indicator of occupation and social standing, suggesting motion, and much more.

Nightmares collects the rarest work from Little Nemo In Slumberland creator Winsor McCay's historic career. A fantasist of the first rank, McCay was a key pioneer in the histories of both comics and animation. He had a fascination with dreams that extended beyond his newspaper strip Little Nemo in Slumberland, and it was a fascination as compelling as that of Freud, Jung and Adler's, as proven in the pages of Daydreams & Nightmares. McCay's dream-inspired strips, illustrations and cartoons feature rarebit-induced nightmares, playful "what-ifs," moralistic panoramas, pictorial allegories and other fantastic visions.

Drawing on colorful interviews with many of the American cartoon industry's principals, Maltin has come up with a gold mine of anecdotes and film history. Behind the scenes were genius animators and entrepreneurs such as Walt Disney, Chuck Jones, Tex Avery, Mel Blanc, and a legion of others. In all, Maltin has put together a glorious celebration of a universally loved segment of Americana. Book jacket.

*The Political Cartoon* Charles Press 1981

*Them Damned Pictures*

Roger A. Fischer 1996 In late nineteenth-century America, political cartoonists Thomas Nast, Joseph Keppler, Bernhard Gillam and Grant Hamilton enjoyed a stature as political powerbrokers barely imaginable in today's world of instant information

and electronic reality. Their drawings in Harper's Weekly, the dime humor magazines Puck and the Judge, and elsewhere were often in their own right major political events. In a world of bare-knuckles partisan journalism, such power often corrupted, and creative genius was rarely restrained by ethics. Interpretations gave way to sheer invention, transforming public servants into ogres more by physiognomy than by fact. Blacks, Indians, the Irish, Jews, Mormons, and Roman Catholics were reduced to a few stereotypical characteristics that would make a modern-day bigot blush. In this pungent climate, and with well over 100 cartoons as living proof, Roger Fischer - in a series of lively episodes - weaves the cartoon genre in to the larger fabric of politics and thought the Gilded Age, and beyond.

*The Rejection Collection Vol.*

2 Matthew Diffie

2007-10-30 Each week *The New Yorker* receives more than five hundred submissions from its regular cartoonists, who are all vying for one of the twenty coveted spots in the magazine. So what happens to the 75 percent of cartoons that don't make the cut? Some go back in a drawer, others go up on the refrigerator or into the filing cabinet...but the very best of all the rejects can be

found right here in these pages. The Rejection Collection Vol. 2: The Cream of the Crap is the ultimate scrap heap of creative misfires -- from the lowbrow and the dirty to the politically incorrect and the weird, these rejects represent the best of the worst...in the best possible sense of the word. Handpicked by editor Matthew Diffie, these hilarious cartoons are accompanied by handwritten questionnaires and photographed self-portraits, providing a rare glimpse into the minds of the artists behind the rejection. With appendices that explore the top ten reasons why cartoons are

rejected and examine the solitary nature of the job of cartooning -- plus a special bonus section of questions asked of and answered by cartoon editor Robert Mankoff -- this sequel to The Rejection Collection offers even deeper insight into the exercise in frustration, patience, and amusement that is being a New Yorker cartoonist. Warped, wicked, and wildly funny, The Rejection Collection Vol. 2 will appeal to every New Yorker fan -- and everyone with a taste for the absurd. *Men and Cartoons* Jonathan Lethem 2004 An anthology of short fiction journeys to colorful, frequently offbeat worlds in such tales as "The Vision," "The Spray," "Vivian Relf," and "Super Goat Man."
